Order thereon No. 1119/597 Dated Bangalore 13th July 1877

The Commissioner submits for sanction the District Fund Budget of the Sunkur District for the year 1877-78.

2 The total assets of the District is estimated by the Committee at Rupees 43,209, and by the Deputy Accountant General at Rupees 23,144, which includes the opening cash balance, on 1st April 1877, of Rupees 144. As the Committee's estimate is more than even the actual collections of 1875-76, Mr. Hudson's figures have been accepted.

3. The expenditure proposed by the Commissioner amounts to Rs: 47,667, to which the following items have to be added, aggregating in all Rs: 62,653.

## Part II.

Memorandum

Letter No. 1022/207 dated 13th December 1877, from the Commissioner Nagar Division

2. Letter No. 6310 dated 20th March 1878, from the Deputy Accountant General of Mysore

3. Docket No. 1902, dated 9th April 1878, from the Examiner P. W. A. Mysore.

---

With his letter, above quoted, the Commissioner submits the District Fund Budget Estimates of the Shimoga District for the year 1878-79, together with Copies of the Deputy Commissioner's letter No. 845 dated 26th October last and the Local Fund Committee's Proceedings, of the 22nd idem.

Opening Balance

2. The opening balance on 1st April 1878 is estimated by the Local Fund Com-

Committee at Rupees 10,283/- and by the Deputy Accountant General at Rupees 11,353. The latter figure may be accepted.

3. The Receipts are estimated by the Committee at Rupees 69,176; and by the Deputy Accountant General at Rupees 68,100. The latter estimate, being based on the Provincial Budget for the year, already approved by the Chief Commissioner, may be accepted.

Receipts

4. The total Amount available for expenditure during the year is Rupees 79,453/-

Total Assets

5. The Expenditure proposed by the Committee amounts to Rupees 79,219/- to which must be added Rupees 8,504 on account of the following items, making in all Rupees 87,723, which is in excess of the available assets by Rupees 8,270/-

Expenditure

(a) Gravelling the Trichoppa Perekeroor Road ------ 6,071- An estimate for this amount was sanctioned in this Office Order No. 3781/1782 dated 4th March 1918

Rs 6,071

1878. As the road has to be improved and opened for traffic as soon as possible, full provision has to be made under "Original Works Communications" for completing the work by the end of this Official year.

(b). Constructing a road from Sarab to Bana = wasi via Thavanundy - 1,848

The estimate for this work amounts to Rupees 9,848, which was sanctioned on the 29th March 1878, vide Order No. 4101/1856. An appropriation of Rupees 1,848 may be made for expenditure during the Current Official year

(c). 1/4th share of the Taluk Contingent Charges - 585

This sum has to be provided under Establishment Part IV B, according to the Statement submitted by the Commissioner with his Docket No. 18/5, dated 3rd April 1878.

Total 8,504

6. To keep the Expenditure within the assets available, I beg to propose the following reductions

# Original Works

| Name of Work | Amount provided in the District Budget | Proposed to be allowed | Proposed to be disallowed | Remarks |
|---|---|---|---|---|
| 1. Deukipur Dumri Road | 10,000 | 6,000 | 4,000 | This is a sanctioned work. The expenditure this year may, I think, be limited to Rs. 6,000. |
| 2. Bridging Shimraja Nyampti Road | 10,000 | 5,000 | 5,000 | This is not a sanctioned work. But in the Committee's Proceedings it is stated that, without Bridges and Tunnels, the road would become useless and unfit for traffic. Pending, however, the submission of a regular plan and estimate; the provision of Rupees 10,000 may be reduced to Rupees 5,000. |
| 3. Bridging Kormali-Semburia Katli Road | 10,000 | 1,000 | | This is also an unsanctioned work. For the same reasons as those stated above for Work No 2, the Deputy Commissioner recommends a provision of Rupees 1,000 for bridging this road. But as the road itself is still incomplete, the provision made for bridging may be struck out for the present. I concur in these reductions & in Proposals, subject to approval |
| | 21,000 | 11,000 | 10,000 | |

7. Opening a Cart track from Shikarpur to Amantpur, Rupees 1,000. The Plan and Estimate for this work was received and returned for revision with this Office Order No. 4003 dated 20th March 1824

1878

provision was hitherto made in the Budget for the upkeep of the Dispensary at Nagar and a sum of Rupees 204 was therefore entered on the recommendation of Doctor Benson the Civil Surgeon which may be approved.

16. The provision of Rupees 2600 made on account of Tools and Plant is in excess of the last year's grant by Rupees 200 but may be allowed.

17. If the suggestions above made are approved the Budget will stand as follows:—

| | | |
|---|---|---|
| Assets | | 79,453 |
| Expenditure | | |
| Original Works | 39,693 | |
| Repairs | 13,788 | |

9. The Commissioner states that the provision of Rupees 200 made for each of the two Iron Girder Bridges over Maringadda Halla and Yellavan Halla is not sufficient, as the appro= priations made for them in the Budget for 1877-78 have been withheld and the works postponed till funds become available. These are sanctioned works According to the Escanmer's Books Rupees 1918, on the Maringadda and Rupees 2649, on

on the Yellavunhalla Bridges have been spent up to end of February last against the Estimates of Rupees 4020 and 5273 respectively. The sums required to complete the works will be Rupees 2102 for the former and Rupees 2633 for the latter, which may be entered in the Budget.

10. The provision of Rupees 500 made under "Original & Miscellaneous Public Improvements" for repairing the well at Kadlipore has to be transferred and added to the Reserve Grant under "Repairs & Miscellaneous Public Improvements", as the work properly falls under this Head of service.

11. Under "Repairs Communications", the provision made for the Annual maintenance of Roads, which is at the average rate of Rupees 60 per mile, may be allowed to stand. The new roads added this year are, Sawlunga and Sanigan

Kanara Roads.

12. The lengths of the Sawlinga Road and the Roads at Gersoppa Falls have not been given. The Deputy Commissioner may be called upon to furnish this information.

13. The provision of Rupees 1063 made under "Repairs Communications Reserve" may stand. The sum entered under "Reserve Miscellaneous Public Improvements" is Rupees 1,600. To this must be added Rupees 500 on account of the repair of a well at Kadlipere, as the provision made for it under "Original Miscellaneous Public Improvements" has been struck out

Establishment Part IV A.

14 Under Establishment Part IV A, the Deputy Commissioner has made provision for the increase proposed to the Maramat Department in the Division and District Offices as per scale submitted for

sanction with Commis-
sioner's No. 29 dated 8th
April 1879. As it is in
contemplation to reduce
the District Fund Establish-
ment Charges, the increase
proposed, amounting to
Rupees 502, may be dis-
allowed. The cost of
Establishments hitherto audited
by the Examiner P. W. Ac-
counts amounts to Rupees
16,142, but for the present
year the Examiner estimate
the cost at Rupees 16,158-
The difference, viz: Rupees
16 is owing to the sum of
Rupees 4 having been struck
out under "Travelling al-
lowances", and an in-
creased provision of Rupees
20 having been made by
him under "Contingencies"
The Examiner's figures
may be adopted.

To

The Commissioner
Bangalore

Sir,

I have the honor to forward copy of the proceedings of the District Council held on Monday the 22nd instant together with Statements of Budget Estimates for 1877

The estimated total assets for 1877-78 amount to Rs 79,459 and the probable expenditure to Rs 79,419 leaving a balance of Rs 40 estimated to be at the credit of the District Funds on the 1st April 1878.

The details of the proposed expenditure are given in the Statements enclosed.

No separate provision was asked for or made in the Budget for the establishment of the Dispensary at Bhagavalli but the Council proposed that a sum for it should be made in the Budget. The proposal was carried by a casting vote of the President and has therefore been entered there.

The subject of raising the salaries of the Taluq Amildars in the District and the allowances of entertaining establishment as per details given in the scale submitted to the Chief Commissioner in [illegible] was carried by a casting vote of the

xes a considerable increase over the
timated revenue of the current year.

3. Under the head "Original Works" seven projects with a computed outlay of Rs 18,500 have been entered, without the necessary estimates being submitted previously and sanction obtained thereon, as required in Chief Commr's Proceedings No $\frac{2154}{136}$ of the 7th June 1876. The provision made for the two Iron girder bridges at Immdagudda and Yellavanahulla in the Nagar Taluk under the D. P. W. is not sufficient, as the appropriations made for them in the current years budget have been withheld, and the works past paved till funds become available. Vide Proceedings No $\frac{2604}{1388}$ of the 28th October 1877.

4. Under the head Establishment provision has been made for the increase proposed to the Inamdar Department in the District and Darkhast offices as per scale submitted for sanction with this office No $\frac{20}{6}$ dated 8th April 1877

5th The other parts call for no remark.

Sir

I have the honor to submit the District Fund Budget of the Shimoga District for the year 1878-79 and the Proceedings of the District Fund Committee held on the 22d October last, with copy of the Deputy Commissioner's covering letter No 845 of the 26th Idem, and to offer the following observations.

2. The assets for the year 1878-79 are estimated by the Board to be Rs 3,97,[illegible] than those of 1877-78 but it appears to be in reality Rs 11,359 more as per following particulars.

In the passed budget for 1877-78 the Assets for the year are first shown at Rs 3,100 + Rs 5,000 "Grant from Public Works Funds" = 8,100. and Rs 79,459 are shown for the year 1878-79 exclusive of any grant to be paid. Thus exclusive of the grant the next years revenue is estimated more by Rs 16359, and inclusive of the Rs 11,359, as above stated, shewing

Deputy Commissioner [redacted]
Shimoga District,
Shimoga, dated 17th September 77

The Commissioner of
Sagar Division

Sir,

I have the honor to state that in accordance with the instructions in your circular docket No 44 dated 20th April 1877, the District Fund works which remained incomplete at the end of 1876-77 are being pushed on to completion.

A list of them was submitted with this office docket No 157 dated 8th May last applying for an appropriation of Rupees 10,324 for them for the current year. But although the Budget was passed some time ago the necessary appropriation was not made except for (1) Breiding and improving road from Shimoga to Sowlanga and (2) for construction a Tunnel on Doral Siralcope road

The balance will [illegible] now has now
to be provided for.

The current year's Budget having been very much curtailed I find it difficult to propose any re-appropriations from sanctioned works in addition to those sanctioned in the Chief Commissioner's Pro-ceedings $\frac{15-82}{862}$ dated 15th Ultimo.

It would be very detrimental to the work already executed if the completion of them is deferred.

I therefore request you will be so good as to move the Chief Commissioner to sanction the amount from Local Fund General as a special case.

A sum of Rupees 5,5-80 now remains unappropriated out of the Reserve Grant of the current year's Budget. But this amount will be required for the Dandavate Bridge and the Dowlunga road.

The amount that remains

on the 1st of April to complete these works was Rupees 5,789 and 2,000 respectively. On anticipation of sanction for these amounts the works were proceeded with and have now approached completion. But the appropriations made being only Rupees 1,548 and 1293 respectively, the balance of Rupees 4,948 will have to be met from the Reserve Grant, Mr Annan has proceeded to C. to inspect these works and on his return a reappropriation State-ment for them will be submitted

The President brought to the notice of the Committee that he has received a Communication from the Executive Engineer

that it is in Contemplation
to set up a project for
the improvement of
the Avanashi Salur
Cutt. Road and that
he is also informed
a sum of about 9,000
Rupees will be required
for the above work.
Although he has as
yet received no Requisi-
tion from the Executive
Engineer for the provision
of funds in this Budget
for the above work
he has been directed
by the Chief Commis-
sioner to provide from
this Years Budget
a sum of Rs. 152 for
the erection of Milestones
on this Road to facilitate
the preparation of an
Estimate for the above
Project, which has
accordingly been
done. The Total
income of the
Nagar Taluk on which
this heavy charge will
fall is at present Rs
5,700 and after the
settlement of the Taluq
its income will probably
be

be Caused to about 7000 Rs
From this Sum over 4000
Rupees must be deducted
on account of works
now in progress, Repairs
of Roads, Establishment
&c. leaving an available
Year's balance of less
than 3000 Rupees to
meet every Requirement
of the Taluq. Supposing
therefore that the total
available balance
be denoted to the work
in Question it would
take upwards of 20 Years
to complete the Road,
besides the Sum Required
for this one work
amounts to more
than the Estimated Receipts
of the whole District
for the Current Year.

On this Statement
the Committee unani-
mously expressed an
opinion that the work
could not be carried
out from District
Funds and it was
Resolved that the
President Respectfully
beg of the Chief
Commissioner to

he Considers this Board
necessary to order
the works being Carried
out from Provincial
Funds. The Committee
would suggest that
in future in the work
of the D. P. Works
deeming it necessary
to improve Local
Fund Roads at the
expense of the Local
Funds they should
first submit their
proposal for the
approval of the
Committee with a
request that if the
work be deemed necessary
they would intimate
what sum could be
made available for
such Purpose

Shimoga, 12 January 1879

To

The Secretary to the Chief Commr
of Mysore
Duftar Department -

Sir,

In submitting herewith for the Chief Commr's Sanction, the District Fund Budget Estimates of the Shimoga District for the year 1879-80, together with the original proceedings of the District Fund committee held on the 23d December 1878, I have the honor to offer the following observations.

2. The assets for the year 1879-80 are estimated by the Committee at Rs 81137 including the anticipated opening balance of Rs 4441, on the 1st April 1879. The Deputy Accountt General is the best authority to check these and furnish accurate figures based on the Provincial Budget for the ensuing year. It may be however observed that the receipts for next year will be augmented by the Survey Settlement of the

Kavalesurga Taluk -

3. The Committee proposes to expend the full assets of Rs 81,137 on four major heads as summarised below:

| | Rs. |
|---|---|
| 1. Original Works | 47,900 |
| 2. Repairs | 13,025 |
| 3. Establishment | 18,462 |
| 4. Tools and Plant | 1,750 |
| Total | 81,137. |

4. Of the 14 projects entered in the Budget under "Original Works" the following 7 are new on which a sum of Rs 14,300 is proposed to be spent

| | | |
|---|---|---|
| | Road from Tirthalli thro' Arga to complete the Amaltaspur Tirthalli Road | 3,000 |
| 2. | Gravelling Honnali Coonsi road | 3,000 |
| 3. | Opening a road from Horakop to Sowlanga | 3,000 |
| 4. | Constructing drains & Bridges on the Honnali Tumbin-Kutte road | 2,000 |
| 5 | Gravelling Honnur Honnballi road | 1,300 |
| 6. | Constructing incomplete portion of the Shiralkop-Sorab road, which | |

passes over Chatterdee-
halli and Opin Wade
Tank bund ——————— 1,000

Improving approaches
to the Wurdie River
on the Sorab Sidda-
pur road ——————— 1,000

5. These new projects should have been submitted and Sanction obtained therefor previous to their entry in the Budget as ruled in the Chief Comm's Proceedings No $\frac{2154}{136}$ of the 7th June 1876. The necessity for undertaking them is however fully explained in the proceedings of the Committee. The Deputy Comm. is requested to expedite the submission of the plans and Estimates for Sanction -

6 Of the 7 old works, Benkipur Dumri road is the most important and as such deserves special notice. The amount of Estimate is Rs 52,260. of which a Sum of Rs 23,823 has been spent, leaving a balance of Rs 28,437. The amount of allotment proposed for the ensuing Year is only Rs 7,000. The proposal made in the correspondence ending with proceedings No $\frac{1569}{336}$ of the 16th August 1878, to transfer this high way to the D.P.W.

in

in lieu of the Hannali Haribur road to be made over to the Civil agency, was finally negatived by the Chief Commr. The road has not improved a whit owing to the want of funds and proper supervision the yearly allotments made for it since its commencement have been so small that they have proved inadequate for such a large undertaking, in consequence of which the work executed in one year is scarcely able to stand the wear and tear of the constant traffic, and therefore is liable to deterioration before another section is put in hand

7. I would have proposed a much larger allotment for this road had the state of funds admitted of it with justice to the urgent requirements of other parts of the District the figure put down by the Committee may therefore stand. I beg however to avail myself again of this opportunity to invite the favor of a reconsideration by the Chief Comm.r of the proposals submitted in the correspondence quoted above the more so as the same difficulty in providing for the requirements

of

of the road is felt in the Chitaldroog District.

8. The total increase of charge on Establishment will aggregate to Rs 604, deducting from which Rs 180, being the unutilized portion of the pay of three District Peon Maistries whose salary is put down at Rs 25 in the Sanctioned Budget for the last year; while they are in receipt of only Rs 20, and another sum of Rs 20, which is shewn as Savings under "Contingencies of the Establishment detailed in part IV of the Budget, the net extra charge on the Establishment for the ensuing year will be reduced to Rs 404

9. As the other proposals contained in the proceedings emanates from Myself as President of the Board, I beg to refrain from offering any remarks thereupon in my present capacity. I may mention however that the question of increasing Mr. Imam's pay which was advanced in this office letter No of the may not be allowed

allowed to delay Sanction to the budget as it is proposed that the Irrigation cess fund should bear the charge

10. The plans and Estimate amounting to Rs 4,004 for Constructing Bridges & Drains on the Hanwella Dumbinkatte road, referred to in para 4 above, and Submitted by the Deputy Commr. with his No 888 of the 4th Instant, are herewith forwarded for Sanction -

I have the honor to be,

Sir,

Your most Obedt Servant -

Mr. A. Stoddard Executive Engineer

Dr. P. Bruson Balaji Rao and

Improving approaches to the Vanda river on the Sorab Siddapur Road. Rs 1,000— (Estimate and plan will follow).

These projects it may be explained have been carefully considered by the President and the Local Fund Engineer and are without exception absolutely and urgently needed. No:1 is a missing link on an important line of communication passing through a rich Supari (Arecanut garden) country and which has been put off for seventeen years consequent on Engineering difficulties. The line now chosen passes through the large village of Agga, and is considered by the Executive Engineer and Local Fund Engineer much preferable to the previous lines of road on which commencements were made several years ago. Projects 2 and 5 are greatly needed as the traffic on these roads is very great and they are

in a shockingly bad state. Project 5. Road communication between the Headquarters of the District and those of the Shikarpur Taluk has long been wanting owing to the non-completion of the link between Sowlanga 12 miles from Shimoga and Harigoda 9 miles from Shikarpur. Project 4 — An important bit of road has lately been finished from Komali to wards Tumbankatte the great mart in the southern part of the Dharwar District but is not available for carts, owing to the want of bridges and tunnels which will now be supplied. Project 6 is a troublesome bit of road left incomplete on a finished road with much traffic on it. Project 7: The previous remark applies even in a stronger sense for owing to the engineering difficulties in dealing with these approaches, the road, which is much used at other times, becomes quite impassable during the rains.

III

services of competent men. It is proposed therefore to raise the salary of two Mestries from Rs25 to Rs 35— sanction to which is requested

V It may be mentioned that Rs 3500- allotted under Miscella -neous Public Improvement Original will be spent chiefly in constructing Musafarkhans at Soulanga and Nyanti in the Honnali Taluk, Bharalli and Kallurkatte in the Sagar Taluk, at Meganalli in the Nowleday Taluk, at Sagar and Sorab.

The members of the Committee co. cur with the President in con- sidering that the style of building hitherto provided is too expensive and ill adapted for simple native wants. Much more accommodation can be provided at places where it is needed for travellers by buying private houses in convenient situa- -tions, and in places in which none are available Musafarkhans built on the native Chattram plan and

as provided in the Bombay Presidency will it is thought suffice for the purpose. the cost being from Rs 500- to Rs 1,000- according to the nature of the climate.

II. Ramachender Rao Amuldar of Kowledurg points out the need of constructing a well at Megavalli on the Shimoga Agumbe road at a Cost of Rs. 500-

Resolved that the work be undertaken the cost being met next year from the provision made under the head "Original Reserve"

III. The said Amuldar also lays before the Committee the desirability of allowing some maintenance allowance for a branch road from the high road to the Chattram at Agumbé a distance of 3 furlongs at Rs 30—

Approved—the charge to be met from "Repairs Reserve"

VIII

VIII. The Amildar of Sorab next brings to notice the need of improving the public well at Anavatti at a probable cost of Rs 1,000-

Approved and resolved that the cost be met from Reserve Original and that the Local Fund Engineer be requested to prepare an Estimate.

IX. The Amildars of Sorab, Shikarpur and Shenjni represent the sickliness of those towns and point out the necessity for medical attendance being provided.

Resolved that the authorities be moved to appoint Hospital Assistants for those places as early as practicable, and that the usual charges for the Dispensary Establishment be met from the District Fund.

X. Khojafa proposes that a road be made to connect the weekly market town of Kolchoron with

Shimoga which proposal is seconded by Somaya

The President explains that the road would be useful chiefly to visitors to the Bilangere temple and to the junction of the Tunga and Badra that if the people of the country are so desirous of assisting pilgrims, they may be expected to contribute towards the object either in labor or money, as was done in the Hassan district in the case of the branch road from Arasikere to Tirapati, and should they be induced to agree, the project might possibly be entertained, the District Fund bearing the cost of making bridges and undertaking its up keep. The same principal might be applied towards opening out cart tracks to important villages a few miles off high roads.

Approved

Approved — The Amildars may lay the matter before the villagers concerned

XI. The number of non-official members being small, it was unanimously resolved that the following respectable inhabitants be invited to join this Committee subject to the approval of the Chief Commissioner.

# District Fund Budget, Shemoga Distt.
## for 1877-78.
## Receipts.

The receipts estimated for 1876-77 according to the passed Budget, amount to Rs. 65,800, and the Dy. Accountant General states that this figure is susceptible of reduction owing to the prevailing drought In the Budget now received the estimates for 1876-77 are put down without reference to the passed Budget They are as follows.

| | |
|---|---|
| 76 per cent of Cess on Land Revenue & other items | 68,204 |
| Other items | 5,179 |
| Total | 73,383. |

2. The receipts for 1877-78 are estimated at a still higher figure viz: Rs. 76,208. On examining the statement of assets it appears that the anticipated increase is chiefly owing to the expected introduction of the Survey Settlement into the Nagar Taluk and the consequent increase in the rate of

Local

Local cess leviable in that Taluk.

## Expenditure

3 Under the head original works Communications, a provision of Rs. 49,800 has been made for works for which estimates have not been sent in, and similarly Rs. 6000 for works falling under Misc: Pub Improvements

4 For the following works which are not expected to be completed by the end of this year no provision has been made.

Letter No 55541 dy 30 January 1879 from the Dy Accts Genl of Mysore

No 3748-52/802 dy 11.3.79

Order thereon

With the first of the letters above recorded the Comm^r submits the Chitaldroog District Fund Budget Estimates for 1879.80.

2. The opening balance on 1st April 1879 is estimated by the Local Fund Committee at Rs 27,745 but the Dy Accts Genl reports that owing to the inclusion of famine charges there will be a balance of Rs 22,405 against the Fund. In regard to the adjustment of

which separate orders will be issued.

3. The receipts estimated by the Committee leducting the share allotted for education, viz Rs 15,400 but the Dy Accountant put down Rs 37904 which is less than the Committee's Estimate by Rs 7496. Accepting Mr. Hudson's figure and adding to it Rs 10000 to Provincial in-aid from Local Funds - Provincial, the sum available for expenditure during the year

Rs 47,904.

4. The charges on account of Civil Establishments audited by Dy Accountant under Part-IV B amount to Rs 1976 & pending the reorganization of the District Manamul Establishment a lump sum provision of Rs 9160 will be made under Part-IV A the details of which will be settled by

~~the Deputy Commissioners and Commissioners~~

5. The expenditure proposed by the Committee is Rs 73,016, but as this sum is considerably in excess of the available assets, it is reduced as shewn under.

To C.C.

I don't think a reserve of Rs 4000 at CC's disposal is wanted & I'd rather distribute the money as noted in red pencil

No. 3677-81 / Dft. 784 876th March/79. Order thereon. –

The Commissioner submits the District Fund Budget of the Kolar District for the year 1879-80.

2. The opening balance on 1st April/79 is estimated by the Dy Commissioner at Rs 6,841, but the Dy Accountant General shews a debit of Rs 62,521 against the fund owing to a portion of the charges connected with Famine Relief Works having been debited to District Funds under the orders of the Government of

of India. As it is impossible to adjust this sum from the estimated receipts which are only sufficient to defray the ordinary expenditure of the District, an application will be made to the Government of India on the subject=

3. The Receipts of the year are estimated by the Government at Rs 31,866 and by the Deputy Accountant General at Rs 29,988 Putting down Rs 30,000/- as the anticipated income and adding to it Rs 5,000/- as a grant-in-aid from Local Funds General, the total Estimated amount to Rs 35,000/- Setting apart from this sum Rs 3117 on account of Civil Establishment charges audited by the Deputy Accountant General the balance available for works including cost of supervision as audited by the Examiner P.W. it is Rs 31,883. Pending the reorganization of the District Ordinance establishment a lump sum provision of 20 per cent on Rs 31,883 will be allowed

for

for establishments under Part III A, the details of which will be settled by the Secretary D. P. W. in communication with the ~~Commissioner~~ Dy. Commissioner Coll. Johnson. ~~The Secretary D. P. W.~~ is requested to submit for the ~~Officer~~ Chief Commr's information a statement of the details when finally settled and also a list of those individuals whose services have ~~are likely~~ to be dispensed with in the proposed revision and who cannot be otherwise provided for

If orders not received in time the work will be provided for in the Budget and ~~for~~ by

4. The total expenditure proposed by the Dy. Commissioner amounts to Rs. 37,780, which has been reduced to Rs. 35,000 as shown below:—

Compensating Cattle pounds gullies &c ——— 550
Reserve fund ———

Total 6,156

V The Expenditure Estimated under "Repairs" is Rupees 2,516. The maintenance rates of the roads are the same as in last year, except as regards (1) Kolar Bowringpett (2) Gadibunda Goribedanur (3) Kolar Champoor (4) Betmangal Madras Frontier and (5) Malur Basti roads. Of the 1st road, 3 miles, viz the portion leading from the 8th mile stone to the junction of the Mulbagal Road near the Eastern Kodi of the Kolar large tank being very little used since the construction of a direct line from the 8th mile to the Kolar Town, are proposed to be abandoned and the upkeep rate for the remaining 11 miles raised from 6s to 7s Rupees per mile As this measure is considered necessary to [illegible] the road in an efficient condition

Condition for the very large traffic passing through this road. This an amount will result in a saving of 40 Rupees. The rate for the Guddanda Gondaon road is increased from 60 to 100 Rupees per mile as this is a new line of road traced 3 years ago with the help of the 1900 Act and since then the Earth work is carried on out of the Annual maintenance Allowance annually allotted for the road.

The present Allowance of 60 Rupees a mile is quite insufficient for rendering a Cart road on the line trafficable and throwing embankments in the different Valleys. It has therefore been proposed to raise the maintenance Allowance to Rupees 100 a mile for a couple of years in order to put the Road in thorough order and then Reduce it to 50 Rupees a mile.

The Alteration of the Village Rate

in the Cases of Kolar-Somposr
Bhanjal-Madras Frontier and
Salem-Mastiroads does not Call
for any special remarks.
the new road from Mulbagal to
Punnacpur a maintenance of
Rupees 900 is provided for 18

VII The Expenditure under "Establishment"
Calls for no remark.-

VII Under "Tools and Plant" the
outlay shewn is 4650 or 1040
less than the Amount Sanctioned
for the Current year.

Form W Part VIII "Education"

VIII An Allotment of Rupees
8,544 is made to "Education" for
the Ensuing year. Intimation of
the same rate will be duly given
to the Director of Public Instruction.

X The written proposals of the
Chota Nagpur Assistant

Commissioner

and of all the Amildars who had to be absent from the meeting being read out, the Committee observe that they are unable to Consider the said proposals owing to the insufficiency of funds.

Rs 5000 as per chief Comms Proceedings No 142. 146 dated 29 13th April 1878. Rs 5431 Vide do No 2218. 2220 dated 18th Oct 78 310

XI The Committee further observe, that the loan of Rupees 10431 granted from the "Local Funds General" Could not be repaid next year (1879/80) As the Amount Estimated to be available for that year's Expenditure does not admit of the payment.—

The Committee beg therefore to Solicit the indulgence of the Government in this respect. Steps however will be taken towards the discharge of the debt as soon as the finances shew a sufficient surplus of the Assets over the Expenditure

Letter No. 5735 of 13th January 1879 from the Deputy Accountant General of Mysore.

No 3854-58 of 18th March 79.
Act. 813

Order thereon

With his docket quoted above, the Commr submits the district Fund Budget of the Bangalore D. for the year 1879/80, together with the Proceedings of the Local Fund Committee held on the 29th November 1878.

2. The Remit balance on 1st April 1879 is estimated by the Local Fund Committee at Rs 1830. But the

the Deputy Accomtant General shews a debit of Rs. 1,42,693 against the Fund, as noted in the margin, owing to a portion of the charges connected with Famine Relief Works having been debited to district Funds under the orders of the Government of India. As it is impossible to adjust this sum from the estimated receipts which are only sufficient to defray the ordinary expenditure of the district, an application will be made to the Government of India on the subject.

| | |
|---|---|
| Actual balance against the fund on 1st April/78. | 1,44,523 |
| deduct probable balance at the credit of the Fund on 1st April/79 estimated by the Local Fund Committee — | 1,830 |

No.

I have the honor to forward herewith the District Fund and Irrigation Cess Budgets as per margin for the year 1879-80 together with the Proceedings of the District Fund Committees of the several districts.

I have the honor to be
Sir
Your most obedient
humble Servant

Offg: Commissioner

P 76

Proceedings of a meeting of the District Committee for the administration of the Local Funds of the Bangalore district held at Bangalore on the 29th of November 1878.

Present

Mr. L. Ricketts, President and Deputy Commissioner

Members

Mr. Krishnasamy Iyengar
Assistant Commr.

Mr. Sabapathy Modeliar.

Mr. Narasimmany Naidu.

Mr. A. Meta Cassim Sett

Mr. D. Venkatramana Shetty.

The President lays before the Committee the following statements namely statement showing the estimated income to be derived from Local Cess and 2 statement of estimated expenditure required for ensuing year.

2. It will be observed from statement No. 1 that the total estimated collections for the ensuing year is Rs. 30500 against Rs. 22845 of the current year.

This

This sum is exclusive of the estimated realizations for educational purposes at 6/25 per cent. The balance of Rs. 1830 remaining on 1st April 1878 being added to this, gives a total of Rs. 32330 which is the estimated amount available for expenditure.

3. The Committee observe that although 2 Talukas have been settled in the District by the Survey Department, the increase of revenue accruing therefrom together with the income from the other Talukas is not sufficient to take up certain important and useful works, and therefore resolve to consider what is necessary with regard to the maintenance of existing roads with an addition of a few ones as also the charge of establishment &c.

4. The Committee find from Statement No 2, that the proposals made for expenditure during the year are necessary under all items, inasmuch as they are based on the requirements of the several Talukas and

approve of them accordingly.

5. The sum of Rs. 2500 entered under "original Reserve" is on account of the construction of tunnels &c. and of such other petty works which it may be necessary to attend to during the course of the year.

6. Under the heading "repairs an increase has been shown which is due to the following new roads having been entered.

1. Sylur road was sanctioned from the Relief grant for a sum of Rs 11928 and has been completed. The importance which attaches to this road has already been shewn.

2. Anekal-Bannerghatt road work was executed first by the Revenue Department and latterly by the Department Public Works for purposes of relief at a considerable outlay and a small sum of Rs. 300 has been provided for its maintenance.

Anekal-Attibele road was also opened for affording relief at a cost of Rs 2900 and odd

5.
is a very useful road and 200
Rs. has been allotted for the re-
pairs of this road.

4. Sompur Cross road was
also opened as a famine road,
and an expenditure of Rs 4500
and odd was incurred on it.
This road branches from the
Gollahanka Doddaballa pur.
road, passes thro' the Doddaballa-
pur town, and joins the
Kolar Sompur road. It is
a useful road, hence it has
been reckoned as a Local road.

7. The amount noted under
"Repair reserve" is on account
of repairing tunnels, Travellers
Bungalows &c as also the
special repairs of a few roads
which are necessary.

8. The Committee unanimously propose that 2 dispensaries
one at Nagady and another
at Hankanhally be established,
as these places are haunted
by fever and other diseases. In
urging this on the consideration
of the Local Government
the Committee beg to point
out that the State would
not incur a large expenditure

as only the pay of the Hospital
—— Apistant and cost of
medicine will have to be provided
from the Provincial Budget,
while the District Funds will
defray the expenses of the —
establishment.

9. If dispensories be —
established at these places,
the committee find that funds
can be arranged to meet the
establishment cost from the
reserve grant of the Budget.

10. Hereafter it will be very
necessary to open out roads
from Kaukauhally to Closepett
and from Magady to Closepett
as Railway feeders. The road
from Kaukauhully to Closepett
was partially commenced
as a relief work and one of the
District Surveyors is now engaged
in preparing a project for a
bridged road from Magady
to Closepett

11. As the funds of this
District are burdened with
the upkeep of numerous roads
the Committee can only point
out how acceptable a grant
from

from Local Funds general would be; particularly as enabling the placing in trafficable condition of several famine roads and which have been left in an unfinished and consequent unsatisfactory state.

12. The President also lays before the Committee a statement of the estimated Irrigation cess to be realized in the Bangalore and Nelvangalum Talucks together with the details of the tanks on which it is proposed to spend this fund.

13. The Committee however are unanimously of opinion that the fund is likely to be frittered away if it is only to be spent where collected and they think it should form part of the general allotment to be granted yearly to the Deputy Commissioner for the upkeep of all the tanks of his district irrespective of locality. The only exception being in the case

of

of Kayemgootta and Jodee =
tanks - and where the fund
should be kept separate.

37,913 " 0 " 0

Against the above the following ordinary items are entered, being the same as last year

| | |
|---|---|
| Repairs of roads &c. | 16,500 |
| Reserve grant | 1,600 |
| Establishment | 10,743 |
| Tools and Plant | 1,200 |
| | 30,043 |
| | 7,840 |

The above sum has to be expended and the following proposals are made

The Board wish to bring to notice that the road from Rannathipur to Chunchinkatté was destroyed during the heavy floods in October 1877, all the principal bridges on it being more or less damaged. Estimates for their repair amounting to Rs 8552 were sent in, and the Commissioner was asked to get an allotment from the Funds at the disposal of the Chief Commissioner, as the allotment to the road (Rs 100 per mile) was inadequate to meet these estimates. In reply he directed in his letter No 624 of the 2nd September last that the estimates should be lumped into one and entered in this year's Budget, as application could not be made for an allotment from the General Funds.

An estimate for Rs 852 has been prepared

prepared, and it is hoped that it will be passed.

The Board also proposes allotting Rs 299 for a broken tunnel on the Ramnathpur-Basvapatna road (Arkalgud Taluk) which is also much required.

The Board note that during the famine several new roads were opened as Relief works

These were all left more or less incomplete sufficient funds not having been allotted.

In the opinion of the Board, some of these should be gradually brought up to standard and they therefore propose the following allotments:

Oossoor. Chandrapur road 21 miles at Rs 30 ..... 630-0-0

Naganangla. Shravanabelagula road 18 miles at Rs 20/- ..... 360-0-0

Ippia. Kikkeri road 7 miles at Rs 20/- ..... 140-0-0

Haranhalli. Ponnasamudra road 11 miles at Rs 20 ..... 220-0-0

Ramnathpur. Bettadapur road 4 miles at Rs 20 ..... 80-0-0

Tunnels on the Naganangla Shravana-belagula road ..... 500-0-0

Dayoonda road ..... 1,000-0-0

It is brought to the notice of the Board that the want of sweepers is much felt at the rest house at Shankaravarasanté and at the

the Sub Division Court House at Sacklespur.

Resolved that Rs 10 per month be entered in the Budget ——— 120

Moving the Dispensary at Madihalli to Subidevarhalli between Belur and Hassan ——— Rs 297

Cattle pounds ——— Rs 1,000

A "2d Class Dispensary" at Channarayapatna - vide Chief Commissioner's Proceedings No. 557 of 9th May 1878 Rs ——— 1,000

If the proposal regarding the dispensary does not meet with approval, the Board would suggest that the sum of Rs 1,000 be allotted for constructing a Dispensary at Halebid, where one is much needed, the road which passes by Halebid leading to Jungul and Barcanoor and being much used.

## District Fund Budget for 1877-78.

The estimated receipts under all heads in the year 1877-78 after deducting 2½ per cent on account of education are Rs. 59770 including Rs. 1763 5, which will remain in hand at the close of the current official year.

It is proposed to expend the whole of this amount under the following heads.

| | |
|---|---|
| Original Works | 27119. |
| Repairs | 19540. |
| Establishment | 12176. |
| Tools and Plant | 935. |
| Total | 59770. |

The proposed expenditure in each Taluk is as follows.

| No. | Taluk. | Proposed expenditure | Estimated Receipts | Difference. More | Less |
|---|---|---|---|---|---|
| 1. | Mysore | 4445 " " | 4445 " " | " " " | " " " |

| | Total | 59770 " " | 59770 " " | 1367 " " | 1367 " " |

The expenditure on the Taloothy or Ashtāram and Irikkūr Agraharam Channel during the year is Rs 1367 against Rs 1367 during last year. The excess is on the Original Project of Construction Roads and Bridges Chittur to Pannad Chalakkudi via Pannad Perumpuzha from Alangāyam to Kanthanmarkalli for which Engineers amounting to Rs 1140 and 1070 respectively were not in progress. The Central Fund Committee proposed to provide this excess from the balances in the Taloothy Collections and Mandayam which it appears to have been disadvantageously expended on some minor works in the affected parts of those Taloothy.

The total number of works included in this Original Works Estimate is 11, 5 among works which were undertaken during the year, and will remain incomplete at the close of the Revised Official year, and 6 new projects proposed to be taken up in the Current Official year. The amount of appropriation on these works is Rs 22,949.

| | | 5 | Cut from Perumpuzha to Kanthanmarkalli | 1070 | " | " | 6600 | " |
| | | | Total | | | | 22949 | " |

In addition to the above, Rs: 2200 are entered on account of Reserves and Rs: 1970 for Constructing Cattle Pounds Wells &c.

Repairs.

Excluding the Mysore Manantoddy road, which should be provided from the Imperial Grant or some other Source, there are 25 District Fund Roads in this District, for the upkeep of which, a sum of Rs: 14265 is proposed to be appropriated from the Distt. Fund in 1877/78

No. 1287

From,

Lieut. Colonel W. R. Johnson
Temporary Chief Engineer of Mysore

To,

The Secretary to the
Chief Commissioner of Mysore
Duftar Department

Sir,

Referring to Chief Commissioner's Proceedings No. 218/61 dated 30th April 1877, para 5, referring to me, for opinion, a forecast programme submitted by the Commissioner Nehtagram Division. I have the honor to report, for the information of the Chief Commissioner, that of the works therein entered, it is probable that (funds being made available) Nos. 4, 5, 10, 13, 14, 15 and 22, may at some time or other be taken in hand by the Public Works Department; but there does not at present appear to be the slightest chance of the other works therein mentioned being considered.

2. The whole grant sanctioned for the next four years has been fully anticipated and the manner in which it is to be utilized approved by the Government of India. No room can, therefore, be found for other

...i, especially of a costly nature. I may further add, that any reductions made in the grant such as ordered this year will further have the effect of stopping out many of the most worthy intended for.

I have the honor to be,
Sir
Your most Obedient Servant,

J. W. Johnson Lieut Colonel,
Acting Chief Engineer of Virginia.

| | Total | 47674 | 41702 | 16414 | 10442 |

The amount which it is proposed to extend in the Works of Manjavalad, Nagamangalam and Narasipura is in excess of the estimated receipts for these Works in the first mentioned Work is owing, since many District Funds roads (figures illegible) per Work, since the Works of Nagamangalam and Narasipura, the increase is chiefly owing to

Some

— Some new projects being proposed to be under-
taken.

7. The estimated Expenditure in the Taloohs of Hassan, Arkalgud, Attibuppa, Channarayapatna and Harihalli is considerably below the anticipated receipts. The cause of this has not been explained. No Distress is said to exist in some parts of these Taloohs, the Expenditure should have been equal to, if not greater than the means, but as the sums thus available are proposed to be appropriated on the projects in Manjarabad, no further Expenditure can be arranged in these Taloohs unless grants are made on account of some of the large projects in Manjarabad from the Local Fund General at the disposal of the Chief Commissioner.

8 The District Fund Committee proposed to carry out the following works under their several headings.

9 The total number of works entered under this head is 11. Of these three are incomplete, the remainder being new projects.

Meeting of District Fund Committee held on 7th October 1878 under provisions of Chapter VII and IX General Rules.

Present

Deputy Commissioner, 2 Amildars of Ellysore, 3 Ashtagram, 4 Periyapatna, 5 Talkad, 6 Malvalli, 7 Chamrajnagar, 8 Yedatore, 9 Jahangeer Shafeerkhan

Absent

The Executive Engineer Mysore Dist 2 Civil Surgeon Ashtagram Dist 3 Amildars of Nanjangud 4 Mandya, 5 Heggaddevankote 6 Gundlupet, 7 Aumil Beg of Hunsur, 8 Jagankere Venkatramana Gowda.

Committee meeting held under clause of Rules.

I. Accounts of Estimated Revenue and expenditure for the year are laid before the Committee and considered.

II. The classification of Ferries as required by Chief Commissioners Proceedings No. 1857 Rev 4 dated 3d June 1875 are determined by the Committee and provision allowed for the Coming years Budget accordingly. The Committee resolve to recommend the following Ferries be placed in the class assigned and compensation awarded to the present Ferry holders to the extent recorded in the subjoined statement after examining the records extant and also consider that none of the other Ferries in the District come under the

Conditions

condition on which they should be taken over by the Committee. The Committee also determine that it will be necessary to retain the number of Boats and Ferry men as per statement given in the said statement. They also consider that no reliance can be placed on the Traffic Returns submitted by the Contractors, which are admitted by by computation without data and therefore only allow Rs 500 in their estimate of available funds of income over expenditure which is about 1/3 the figure that should be reached if the traffic should come up to the estimate

Mysore, 11th January 1879.

To

The Secretary to the Chief
Commissioner of Mysore

Sir

I have the honor to submit herewith the District Fund Budget Estimates of the Mysore and Hassan Districts, for the year 1879-80, together with copies of the proceedings of the District Fund Committees.

2. The total receipts anticipated during 1879-80 from all sources of the District Fund Revenue in the Mysore and Hassan Districts, after deducting 2¼ per Cent for education, amount to Rs 46,033 and 37,183 respectively - and after adding the probable opening balances on the 1st of April 1879, which are estimated at Rs 6479 and 731 - the total sums available for Expenditure during the year 1879-80 are Rupees 52,512 for the Mysore, and Rs 37,914 for the Hassan Districts.

3. The proposed outlay in both Districts for 1879-80 is Rs 52,512 and 37,406, as particularized below.

| Heads. | Budget for Mysore. 1878-79 | 1879-80 | Difference More | Less | Budget for Hassan 1878-79 | 1879-80 | Difference More | Less |
|---|---|---|---|---|---|---|---|---|

| Total Rupees | 53767 | 52512 | 6032 | 7287 | 32867 | 37406 | 4539 | " |
| Deduct more from less | " | " | " | 6032 | " | 32867 | " | " |
| Net increase | " | " | " | 1255 | " | " | 4539 | " |

for the remaining works are under preparation and will be submitted when received - The Committee proposes to erect a Musafirkhana at Soledévarhalli in lieu of the present building at Madéhalli, which is not used by travellers owing to its distance to the road - Deducting the amount of materials &c available, a sum of Rs 297 is required for the purpose -

8 The Reserve grants under the heads "Communication" and "Miscellaneous Public Improvements" are necessary for petty original works and for planting avenues, constructing Cattle pounds, wells &c respectively in both Districts

Repairs.

9. The provision in the Mysore and Hassan Districts under this head exceeds that of the previous year by Rs 4280 and 1030 respectively - The Excess in the Mysore District is due partly to the incorporation in the Budget of the marginally noted newly Completed Roads, which require maintenance allowance of all the Existing roads from Rs 30 to 50 per mile, owing to the rise of prices and labor, while the difference in the Hassan District is owing to the additional Entry of certain Relief projects, which were started last year and require to be kept in repair.
